

India Inspirational Women Awards

Dear Awardee

Congratulations!

We are pleased to confirm that **AIM Elevate Venture** has been selected by Jury Members as Proud Awardee for India Inspirational Women Awards 2024 for showing excellence in the field of Entrepreneurship.

India Inspirational Women Awards aims to highlight the extraordinary achievements of women across various sectors. IIWA celebrates and honors remarkable women who have made significant contributions and inspired others in various fields.

"At India Inspirational Women Awards, we believe that women Achievers always take up one idea, make that one idea their life--think of it, dream of it, live on that idea. Let the brain, muscles, nerves, every part of their body, be full of that idea, and just leave every other idea alone. This is their way to inspiration."

Best Wishes
Harpreett Ghai
